

## **TRANSCRIPT: Family life: Leisure**

Simon, Harvey's father

There are a huge number of things we don't do because Harvey is in an electric wheelchair. We like to go on long walks in woods and up hills and round the Lake District and these are just things you cannot do 'cause Harvey's in an electric wheelchair, which is only allowed out on pavements, so he doesn't come with us.

We're avid bike riders and I've got some contraption where I put Harvey on the back but he's getting heavy now and that's proving difficult.

I would like to take Harvey and Lydia to Tottenham Hotspur but I can't because only one carer is allowed in the wheelchair end at Tottenham Hotspur and they won't let me take my twins. Mind you, I haven't really pushed it but it's something I'm going to push this year 'cause he's showing an interest in football and I'm a massive Spurs fan.
